

HAS WESTERN MEXICO SOLID

Harriman Will Build a New Road Through the States Along the Coast.

CONCESSIONS ARE SECURED

LINE WILL BE EXTENSION OF SOUTHERN PACIFIC.

Los Angeles, Cal., Feb. 9.—The Express today says: Epes Randolph, acting as the personal agent of E. H. Harriman of the Southern Pacific, has quickly secured concessions from the Mexican government to construct a line in the western coast states of Mexico. The movement was carried on secretly and by the provisions of the contract entered into practically all competition has been shut out in western Mexico.

Nearly 100 miles of the new railroad line has been graded by the Southern Pacific in the construction of about 700 miles of road through the richest portions of the states of Sonora, Sinaloa and Jalisco and the territory of Tepic to connect with the Cananea, Rio Yaqui and Pacific in the north and the Mexican Central in the south.

The Southern Pacific is to receive a bonus not to exceed \$15,000,000 at the rate of \$2,000 a kilometer, or about \$19,200 a mile. The sum of \$20,000,000 is paid for the concession and the papers are signed by J. A. Nauget, representing the Southern Pacific, and Leandro Fernandez, secretary of state in the department of communications and public works of the Mexican government.

The new road is to be built in four sections. The first will extend from some convenient point on the Cananea, Rio Yaqui and Pacific railroad, which is controlled by the Southern Pacific, near the city of Alamos, Sonora, southeast to the city of Culiacan, Sinaloa. The second section will extend from Culiacan to the city of Mazatlan, Sinaloa. The third section extends from some convenient point on the line between Culiacan and Mazatlan, near the town of San Diego, to Tepic, in the territory of the same name. The fourth section will extend from Tepic to a convenient point on the Mexican Central between San Marcos and Guadalupe, the capital of Jalisco, to which city the Mexican Central extension reaches.

J. H. ANDERSON FOR SPRY'S JOB

Senator Smoot's Secretary Would Give Up Senate Billet for Position in State Service.

TWO OTHER CANDIDATES

FOUR DEMOCRATS IN LINE FOR EQUALIZATION BOARD PLACE.

James H. Anderson, now an employee of the United States senate by the grace of Senator Reed Smoot, is likely to be appointed chairman of the state land board to succeed William Spry, who will resign when he qualifies to accept the United States marshalship. Mr. Anderson is a candidate for the position. He would prefer it to his present job in Washington, because, while the salary is smaller, it would permit him to live at home.

Other candidates for the place are Charles Andrews, formerly a resident of Nephi, but who now lives in Salt Lake, and ex-Senator D. O. Rideout of Salt Lake county, who is at Draper. Mr. Rideout placed Governor John C. Cutler in nomination in the last Republican state convention, and his support of the governor at that time is regarded as being in his favor.

Spry will probably tender his resignation next week. The position pays a salary of \$100 a month, and does not require that the incumbent shall spend all his time in the service of the state.

For R. C. Lund's Place.

There are four candidates for the Democratic place on the state board of equalization to succeed the late R. C. Lund of St. George. They are R. R. Tanner of Salt Lake county, William Howard of Emery county, John Parry of Iron county and David H. Morris of Washington county.

Strong pressure is being brought to bear on Governor John C. Cutler to name Mr. Tanner, unless friends of the other candidates get busy in the next few days, he will probably be named. The appointee under the law must be a Democrat, and in view of the fact that Mr. Lund lived in southern Utah, the new man will probably come from that section.

Inasmuch as the annual session of the state board is over, the governor is in no hurry to name the new man, and it may be several weeks before his name is made public.

CALLS DOWN A HUSBAND

Judge Armstrong Resents His "Butting in" on Trial of Wife for Insanity.

Mrs. Nellie Hines, aged 19 years, was examined before Judge Armstrong yesterday as to her sanity. Her husband, aged about 40 years, was the complaining witness. All the testimony which could be adduced in support of the charge was that the woman was subject to epileptic fits. She was discharged. During the examination the husband interrupted the proceedings several times. Finally he exclaimed: "I'll take care of her if she'll attend to the house and behave herself!" Judge Armstrong reproached the husband sternly, and told him that if he interrupted him that he would punish him for contempt of court. After the interruptions ceased.

CASES ARE DISMISSED.

District Attorney Clears Docket in Criminal Court.

District Attorney F. C. Loofbourrow yesterday dismissed several criminal cases in order to clear the criminal docket. Charles of perjury against G. H. Rumsby and John Myers, accused of complicity in the bounty fraud cases, were dismissed because the defendants have already been sentenced to one year in the county jail on another count in the same case.

The charge of burglary in the first degree was dismissed against George Young and Frank Morris. The defendants recently pleaded guilty to burglarizing the residence of J. D. Wood and serving ten-year terms in the penitentiary. The police had another charge against them, but, owing to their confinement for the other offense, it was dismissed.

George Burke, accused of breaking into an Oregon Short Line freight car and stealing a quantity of shoes, was allowed to go free because of insufficiency of evidence to convict him.

Frank Martin, alias Gus Johnson, accused of burglarizing the residence of Duncan MacVie on the night of Jan. 25, was arraigned and pleaded not guilty.

THREE DIVORCES GRANTED.

Two Wives and a Husband Secure Release From Galling Bonds.

Three divorces were granted by Judge Morse yesterday. Rozella Jensen was granted a divorce from Lars Jensen on the ground that the husband had been guilty of drunkenness and cruelty. Selma A. Wennestrom was divorced from Harold S. Wennestrom on the ground of desertion, and Charles Selgrath secured a divorce from Emma Selgrath likewise for desertion.

Asks Letters of Administration.

Gideon Snyder applied to the district court yesterday to be appointed administrator of the estate of Dora Snyder, who died Jan. 28. The real and personal property belonging to the estate is estimated in the petition to be worth \$20,500.

Court Notes.

Otto Matson yesterday sued the Tintic Mining & Development company for \$1,999 damages for personal injuries which he alleges he sustained in an accident in the Yampa mine on Dec. 17, 1905.

A jury in Judge Ritchie's court last evening returned a verdict for \$723.37 in the suit of John Prye against Perry Kalbaugh for services rendered. The suit grew out of work done by the plaintiff for the defendant in Parley's canyon.

Bonnie De Ella Ward brought suit yesterday against the Taylor-Armstrong Lumber company to quiet title to lots 5, 6, 7, 8 and 9, block 2, Belmont addition. The action grows out of a lien filed by the defendant company against a house built on plaintiff's premises. It is alleged that the material which the company furnished the contractor was not used in building the house, but was used in another house which the contractor built.

Taft Considers the Situation in China Menacing.

Washington, Feb. 9.—When Secretary Taft was before the senate committee on appropriations, which was considering the urgent deficiency bill, he requested an appropriation of \$100,000, to be expended for additional barracks and quarters for the army at or near Manila. When asked as to the necessity for this appropriation, he referred to the situation in China was such that it might be necessary at any time to send troops there, and that it would be wise to have troops near to be used for that purpose.

The committee did not think it expedient to make the appropriation at this time.

The report of the committee, when printed, will be referred to the committee on Philippines, as it is thought by some senators that the matter is of such importance that the committee on Philippines should take it up and consider it.

SAINT VALENTINE'S DAY

The fourteenth of February, St. Valentine's Day. We one and all claim the privilege of the day which is set apart and dedicated to the patron saint of lovers.

On that day the opportunity is given to lay bare our hearts, by means sacred to the saint. Missives and tokens of love appear in many forms—from the neat little card bearing a simple verse, breathing the love still unspoken; the range up to the dainty and artistic creations of paper, celluloid and lace, so beautiful in themselves, not mentioning the delicate sentiments expressed on their insid hearts.

At the Walker stationery department you will find a very choice assortment of the saint's tokens—at prices from 1c each up to \$2.00. The delicate and artistic conceptions will appeal to the lovers of the beautiful, while the "same old story" expressed on them will stir the hearts of those who even scornfully refute the word "love."
